Cory Bartle Memorial Fund

Cory Joseph Bartle passed away on Oct 22, 2022. He was 34 years old.

Cory mastered his skills in culinary arts by the age of 25 and his work brought him an incredible amount of joy. He was an avid outdoorsman, loved skateboarding, and the beach. Cory was passionate about the people he loved and was willing to help people in any way he could. Cory was working hard on his recovery and wanted to be free of addiction. Unfortunately, an accidental overdose took his life.

In honor of Cory's life, his family created the Cory Bartle Memorial Fund to support efforts to combat addiction and bring awareness about the devastating addiction crisis our generation is facing.

Donations made to the Cory Bartle Memorial Fund, administered by the Hanley Foundation, will provide lifesaving scholarships for individuals with substance use disorders who would not otherwise be able to receive treatment. The fund will also support work to educate individuals and their families on substance use disorders and the road to recovery for all involved, with the hopes of breaking the cycle of addiction and overdose.
