

Celebrating 40 Years of Saving Lives!

Mary Jane and Jack Hanley at
the 1986 groundbreaking for
Hanley Center.

A Year of Growth

Dear Friends,

As we reflect on four decades of impact, we are filled with profound gratitude for your unwavering support of Hanley Foundation. For more than 40 years, your commitment has been the cornerstone of our ability to bring healing and hope to individuals and families affected by the disease of addiction.

During the past fiscal year (July 1, 2023 – June 30, 2024), our prevention programs made a significant impact, reaching over 163,000 students across 32 Florida counties. Through our evidence-based programs, we proactively worked to delay first substance use, a critical protective factor shown by research to significantly reduce the likelihood of developing a substance use disorder. Beyond our prevention efforts, we awarded nearly 350 treatment and recovery scholarships to those in need. Through our Lifesaver Scholarship Program, we continued to break down financial barriers and ensure access to the high-quality care vital for lasting recovery.

Another significant milestone in our journey during fiscal year 2024 was the acquisition of Hanley Center on December 8, 2023. Bringing the center back to its nonprofit roots has allowed us to create a center of excellence for behavioral health that is actively contributing to research and education in our field. Our patient-centric, evidence-based, holistic treatment maintained an average satisfaction score of 99.25%, laying the groundwork for meaningful and sustained recovery.

Thanks to the generosity of our lead donors, Hanley's \$35 million Campaign for Recovery is well on its way to expanding services for underserved populations, including veterans, first responders, peripartum women, and children affected by addiction. Later this year and into 2026, construction on our Resource Center will allow us to offer innovative vocational and life skills initiatives, including a planned coffee shop and bookstore staffed by our own recovery community.

Together, we will continue to break barriers, revolutionize recovery, and bring behavioral healthcare into the next era. Thank you for your unwavering commitment to turning our vision into reality.

With sincere appreciation,

Dr. Rachel Docekal

CHIEF EXECUTIVE OFFICER

Chip James

CHAIRMAN OF THE BOARD

In Loving Memory

Mary Jane Hanley, the co-founder and visionary behind Hanley Center and Hanley Foundation, passed on October 28th, 2024. Without the groundbreaking vision and tireless work of both Mary Jane and Jack Hanley, countless individuals would not have experienced the life-changing reality of recovery. Join us in remembering and honoring their profound legacy, which has forever illuminated pathways to hope and healing.

Each member of Hanley's board of directors has a **personal connection with our mission**, and **over half are in recovery.**

40 Years of Impact

1984

Hanley Foundation is established by **Jack and Mary Jane Hanley** with a mission to provide substance use disorder resources in South Florida.

1986

Jack and Mary Jane Hanley break ground on Hanley Center, a nonprofit residential facility in West Palm Beach, to address a gap in South Florida's quality addiction treatment.

1998

Hanley Center opens its **Center for Older Adult Recovery**, the first dedicated addiction treatment program specialized for older adults.

2000

Hanley Foundation expands its services to provide evidence-based **youth prevention programming**.

2008

Hanley Resource Center opens as a prevention and training site for the public.

2010

Hanley Center introduces a **5-day family program**, revolutionizing family recovery services.

2015

Hanley Center introduces **Headwaters**, a premiere program for executives and individuals of affluence and high net worth.

2016

Hanley Foundation reaches a milestone in its prevention efforts, **increasing the age of first use from 9.5 to 14 years**.

2022

Hanley Center expands its services, adding an eight-bed **residential mental health program**. Hanley Foundation introduces its **Zero Suicide Initiative**, a grant-funded program providing suicide prevention training and support.

2023

Hanley Foundation **acquires Hanley Center**, bringing the two organizations under the same nonprofit umbrella for the first time.

2024

Hanley Foundation expands its renowned **family programming** to include support for children and launches its **Patriots Initiative**, adding weekly Patriot-specific groups focused on providing addiction and mental health treatment services for veterans and first responders. **Casa Flores**, Hanley's program for perinatal women, opens five beds for pregnant women and their children. Hanley Foundation launches the public phase of its \$35M **Campaign for Recovery**, a capital initiative aimed at revolutionizing behavioral healthcare through innovative programs and state-of-the-art facilities at Hanley Center.

If you or a loved one are looking for support for mental health or substance use, reach out to us today. **Call us at 844-202-8611 or scan the QR code to connect with our dedicated admissions team.** Your journey to recovery starts here!

Hanley's Campaign for Recovery Has Raised \$16M toward Our \$35M Goal

Through Hanley's capital initiative, chaired by Board Member Gary W. Harris, we are continuing to revolutionize behavioral health treatment, establishing our services as the gold standard in care and providing our community and beyond with the very best in mental and behavioral healthcare. The Campaign for Recovery will fund transformative capital projects, including renovating and expanding existing facilities, creating new spaces for education, treatment, and recovery, and building state-of-the-art facilities like the Casa Flores Pavilion for pregnant and postpartum women, the Early Learning Center for children, the Patriots Pavilion for veterans and first responders, and the Family Healing Center. The campaign also focuses on innovative behavioral health and medical support, such as leading-edge neurological interventions and integrated physical and holistic therapies. Through the generosity of our lead donors and future supporters, we will be able to revolutionize recovery.

THANK YOU TO OUR GENEROUS CAMPAIGN FOR RECOVERY SUPPORTERS!

What's New at Hanley?

Thanks to the support of our donors, Hanley continues to expand vital and innovative programs, ensuring more individuals and families receive the care they need for addiction and mental health challenges.

At the start of our current 2025 fiscal year, Hanley launched the **Patriots Initiative**, a track dedicated to helping first responders and veterans; **Casa Flores**, a program specialized for pregnant women and new mothers; and the **Children's Program**, a 3-day program for children impacted by a loved one's addiction. We also launched additional recovery resources, including **The Hanley Effect podcast** and **Issue 2 of Recovery Revolution Magazine**. Our commitment to providing innovative recovery resources and fostering well-being remains at the forefront of all we do.

Patriots Initiative

Scan to Learn More!

The Patriots Initiative at Hanley Center, which was **launched in August 2024**, provides a safe and compassionate environment for veterans and first responders to heal from mental health challenges and substance use disorders. The Patriots Initiative offers a blend of cognitive-behavioral, trauma-specific, and systemic therapies alongside traditional psychotherapy and pharmacological treatments. Our highly trained team is dedicated to addressing the unique challenges faced by these brave individuals, supporting them on their path to recovery.

"Hanley helped me find out who Steve really is, not who he was.
Hanley saved my life."

Steve C., Patriots Initiative Liaison

RETIRED FIREFIGHTER/PARAMEDIC, EMS CAPTAIN

Casa Flores

Scan to Learn More!

The Casa Flores perinatal program, **launched in September 2024**, addresses a critical gap in community services by providing a continuum of care for pregnant and postpartum moms and their babies. Our model allows women to simultaneously access high-quality prenatal care and substance use disorder treatment.

Key components include in-residence care featuring suites for mom and her new baby, providing medical, psychological, and clinical treatment for substance use disorder, provision of necessary supplies, and support from doulas during prenatal, birth, and postpartum phases. **The program focuses on preserving the mother-infant relationship.** The pilot program currently serves five pregnant/postpartum women at a time.

"It is a terrible decision to have to choose between recovery or choose your child. This program allows me to be in recovery with my baby so I don't have to choose."

In partnership with the National Association for Children of Addiction (NACoA), Hanley's Multi-Day Children's Program, which **launched in November 2024**, is specifically designed for children ages 7–12 affected by a family history of addiction. This child-centered program aims to provide a supportive and nurturing environment for children to learn, heal, and develop resilience. Our goal is to break the generational cycle of addiction by empowering children and fostering their healing journey.

"Addiction is a family disease, and children often suffer first and are the last to receive help. This program empowers children to build resilience and overcome adversity by helping them discover their inner strength, develop new skills, and establish supportive networks."

Dr. Rachel Docekal

CEO OF HANLEY FOUNDATION

Beyond our core treatment programs, Hanley is actively expanding outreach and educational efforts to further serve the recovery community. With the **launch of The Hanley Effect podcast** and the **publication of Issue 2 of Recovery Revolution**, Hanley is dedicated to providing accessible resources and fostering a greater understanding of addiction and mental health. Our commitment also extends to robust aftercare support and community engagement, ensuring individuals and families have continuous resources on their recovery journey.

The Hanley Effect Podcast

Our podcast, "The Hanley Effect," which was **launched in September 2024**, and is hosted by Dr. Rachel Docekal and Dr. John Dyben, aims to educate, change minds, and save lives by exploring real-life stories and innovative approaches in addiction and mental health treatment. The podcast strives to inspire listeners, dismantle stigma, and foster open dialogue, empowering our audience to be part of the solution by sharing raw, honest, and hopeful stories from individuals in recovery, their families, and professionals.
